THE WEST END ASSOCIATION

On February 1st, 1915, the Association completed the thirty-first year of its existence, having been organized, as the Citizens' West Side Improvement Association, on February 1st, 1884. Its first meeting was held at the office of Mr. Andrew Powell, at the corner of Ninth Avenue and West Seventy-second Street, Mr. Powell being then elected First Vice-President. The charter members numbered about a score, its work was distributed among three standing committees: Local Improvement, Sanitary Condition and Grievances; and the territory to be covered was that portion of the city lying between Eighth Avenue and the Hudson River, Fifty-ninth and One Hundred and Tenth Streets. Its membership increased steadily, and three standing committees—on Membership, on Finance, and a General Committee—were added before it incorporated, in February, 1889, as the West End Association, the question of a change of name having been under consideration at different times since 1885. Its work is distributed among ten standing committees, and the territory in which it operates has been extended (since 1893) to Manhattan Street. Its meetings are held at the Hotel Ansonia, Broadway and Seventy-third Street.

It is impossible, here, to even indicate the great changes which these thirty-one years have wrought in the West End—now these many years, an "End" no longer. In names alone they have been many: Eighth, Ninth, Tenth and Eleventh avenues have become Central Park West, Columbus, Amsterdam and West End Avenues; the Boulevard—Broadway; Riverside Drive and Park have been created; and the Subway has been in operation for ten years. Badly paved, if at all; poorly lighted, if lighted at all, the West End of 1884 was very much of a suburban community.

Bearing strictly in mind that provision of its constitution that "this Corporation shall not be in any sense a political organiza-

1915

tion," the Association has, from the beginning, interested itself in and taken action upon almost every question, great or small, related to the material interests of the West Side.

The condition of the streets, their pavements and sidewalks; the enforcement of the ordinances regulating traffic therein; the providing of adequate facilities for rapid transit; the establishment and maintenance of good public schools in buildings architecturally suited to their surroundings; the establishment and maintenance of proper postal facilities; the securing of better equipment and service by the elevated, surface and underground railroads; the improvement of public parks and squares; all have been the subject of constant effort on the part of the Association, through correspondence, the work of its committees attending before the city authorities or at Albany before the Legislature, and a great deal of work by individual members at all times.

A list of the matters connected with West Side improvement in which the Association has borne its part would include every matter of importance to the district that has been dealt with during its generation. Among them may be specified:

THE BOULEVARD. This thoroughfare received a large share of attention from the formation of the Association in 1884 until it became Broadway in 1899, appropriations being made at various times, in the early days, for the cleaning of cross-walks, etc. We shared in the work that resulted in securing the laying out and maintenance of the present parkways, a long continued effort to preserve the trees, the removal of which was rendered necessary by the construction of the Subway, being unsuccessful. Throughout the progress of work on the Subway, a special committee of thirteen acted for this Association, in conjunction with one from the Riverside and Morningside Heights Association, in keeping track of conditions generally and in dealing with contractors and the Rapid Transit Commission in efforts to minimize, as far as possible, the inconvenience incident to a work of such magnitude.

RIVERSIDE PARK. From 1888, when the Association began

work in connection with this great pleasure ground, it has done everything in its power to aid in the maintenance of the Park for park purposes, and to prevent its misuse—a matter of no small difficulty. It was active in procuring the enactment of the laws under which the Park was created, and in securing the appropriations necessary to carry them into effect.

AMSTERDAM AVENUE TROLLEY SITUATION. The history of this matter, which finally resulted in the prevention of the establishment of four tracks for cars operated by the underground trolley, and the subsequent removal of two tracks, thereby abating a great public nuisance and danger, is familiar to all on the West Side.

The Association gives liberally through its members, not only money, but time, in the promotion of the interests of that part of the city in which we live and of which we are so justly proud.

Through all the years it has stood for the betterment of our neighborhood. It has kept itself out of politics; it has been for the reduction of taxes; the proper housing of its citizens, and the enforcement of sanitary conditions.

And these interests are by no means limited by the past: present conditions indicate that for a long time to come our efforts will be needed and our vigilance required, and that we should have the support and co-operation of every one of our residents.

The situation presented by the proposed handling of the water front is one of very grave and increasing importance. It is now before the Board of Estimate and Apportionment, and the efforts of our committees are being put forth to secure a proper and just solution of the problem, and with a particular and firm belief that the integrity and beauty of the Riverside Park and Drive should be carefully preserved for the benefit not only of those who live in its neighborhood, but for the whole city.

In 1915 a special committee was appointed to deal with the matter of acid fumes from factories on the New Jersey shore of the Hudson River, which is trying to procure the abatement of that nuisance.

PROPERTY OWNERS SHOULD JOIN THE ASSOCIATION.

The Association seeks, and feels that it deserves, the active support of all residents and property owners within its district. The beneficial results of its work are not limited to the interests of its members; it freely contributes its time, money and labor to promoting the interests of the West End, and ought to have on its roll the name of every resident and property owner of that section who is interested in its welfare.

The Treasurer's report for 1914 shows receipts of $2,382.15, disbursements of $2,622.12, and credit balances at the end of the year aggregating $5,505.29.

ANNUAL DUES FIVE DOLLARS.
